```python
# Sum of natural numbers up to
num

num = 16

if num < 0:
    print("Enter a positive
number")
else:
    sum = 0
    # use while loop to iterate
until zero
    while(num > 0):
        sum += num
        num -= 1
    print("The sum is", sum)
```
Generate

🐍 main.py   ⋮

▶ Run

```
> python3 main.py
The sum is 136
>
```

>_ Console

▶ Run
